++ Valid for broadcast between 0600 and 1800

Headline:
Mainly cloudy and showery for today.

Today:
Rather cloudy, particularly around the coasts, with occasional showers. Outbreaks merging to longer periods of rain at times across far north, while building into afternoon over the rest of the country, particularly for eastern areas, bringing the risk of thunderstorms.

Tonight:
Similar to the day with skies mainly cloudy with further showers, these frequent and potentially heavy at times, particularly across the north of the country.

Saturday:
In the north an overcast day of showers or longer periods of rain, turning heavy at times. Central and southern areas mainly dry with bright and sunny spells increasing.

Outlook for Sunday to Tuesday:
Sunday and much of Monday mainly dry, occasionally bright with light winds. Late Monday and through Tuesday increasing risk of periods of rain developing, possibly turning heavy with chance thunder.
